### First Year Notes

**Note 1:** The entry level business courses (ACCT 203, ACCT 204, DSCI 232, ECON 200, ECON 201, MATH 104 or 250 and MATH 105 or 120) are the building blocks of a solid business education. The concepts you learn in these classes will be used throughout your upper level business classes. Therefore, it is important that you LEARN these concepts rather than just memorizing them the night before a test. Students who do not do well in these quantitative courses should consider a major outside of the School of Business.

**Note 2:** Students are encouraged to declare their major in the School of Business as early as freshman year to receive additional academic advising and student engagement opportunities. All newly declared majors in the School of Business will have a one-time academic advising hold placed on their record which will be removed once they have met with their faculty advisor. Because of the large number of pre-requisites in the major, students should meet with their academic advisors every semester to make sure they are on track and to discuss career and/or graduate school goals.

**Note 3:** Students are encouraged to enroll in the HTMT 210-MATH 104 FYE Learning Community.

**Note 4:** Students are encouraged to participate in School of Business Student Clubs and Organizations and activities. There is an active Real Estate Club that is open to all students at the College. In addition, the Carter Real Estate Center has additional resources to provide for students working on the real estate minor or concentration.

**Note 5:** Establish your professional LinkedIn account.

**Note 6:** The General Education First-Year Writing requirement should be completed within the first or second semester.

**Note 7:** First-Year Experience Requirement: All entering students with less than one year of college experience are required to complete a First-Year Experience (First-Year Seminar (FYSM), a Learning Community (LC), or an Honors College First-Year Experience course) within their first three consecutive academic terms.

Therefore, it is important that you LEARN these concepts rather than just memorizing them the night before a test. Students who do not do well in these quantitative courses should consider a major outside of the School of Business.

**Note 2:** Currently enrolled, degree-seeking undergraduate students must declare a major no later than second semester of their sophomore year. All newly declared majors in the School of Business will have a one-time academic advising hold placed on their record which will be removed once they have met with their faculty advisor. Because of the large number of pre-requisites in the major, students should meet with their academic advisors every semester to make sure they are on track and to discuss career and/or graduate school goals.

**Note 3:** Students are encouraged to participate in School of Business Student Clubs and Organizations and activities

**Note 4:** Students planning to study abroad at any time during their junior year should meet with advisors at the Center for International Education and then with the study abroad advisor in the School of Business Student Success Center.
