**Foreign Language:** Complete the 202-level or its equivalent or demonstrate proficiency at that level of an approved course satisfying the foreign language general education requirement.

**Natural Science:** Complete 8 credit hours of an introductory or higher sequence (of which 2 credit hours must be earned in the accompanying laboratories) from the list of approved course sequences satisfying the natural science general education requirement.

#### First Year Notes

**Note 1:** The General Education First-Year Writing requirement should be completed within the first or second semester.

**Note 2:** First-Year Experience Requirement: All entering students with less than one year of college experience are required to complete a [First-Year Experience](#) (First-Year Seminar (FYSM), a Learning Community (LC), or an Honors College First-Year Experience course) within their first three consecutive academic terms.

**Note 3:** Summer study and semester study abroad will assist a student substantially with completing requirements for the major and minor, depending on the quality of the program abroad and on the transferability of non-CofC credits. Generally, summer study abroad programs offer up to 6 credit hours in German (2 courses) while semester programs offer up to 12 credit hours (4 courses). For double majors, spring of the sophomore year is the best time to spend a semester in Germany on one of the exchanges, and a student who begins with German 101 their freshman year can take German 202 and 4 300-level German courses while on their semester abroad, for a total of 15 credits. Please also advise interested students that the German section offers semester-long study opportunities at the Universität Bamberg and the Universität Tübingen.
