Notes:

- The number of 300-level Anthropology elective credit hours you must take depends on whether you complete ANTH 491: Research Methods (3 credit hours) OR ANTH 493: Field School in Archaeology (4-8 credit hours) OR ANTH 494: Field Work (4-8 credit hours) to satisfy the research methods requirement for Anthropology. For example, if you complete 8 credit hours in ANTH 493 Field School, 3 credit hours will satisfy the Research Methods requirement and the remaining 5 credit hours will count toward your electives in the Anthropology major. No more than 9 credit hours are allowed from any combination of ANTH 381, ANTH 384, ANTH 385, ANTH 386, ANTH 387, or ANTH 388.

- Students majoring in anthropology are encouraged to include courses in sociology, history, political science, international studies, psychology, economics, statistics and computer programming in their program of study.

- The anthropology faculty very strongly recommends that anthropology majors take MATH 104 Elementary Statistics or a higher level statistics course as one of the two math courses fulfilling the general education requirements. This requirement should be fulfilled as early in an individual’s program as possible and certainly within the first 6 credit hours after declaration of the anthropology major.
